9. TOURNAMENTS

9.1 USGA Rules govern all play except for local rules as posted including, but not limited to, range/distant finders may be used.

9.2 These rules shall apply to all Board Tournaments, ABCD Events, Ryder Cup Qualifiers, Member Guest and One-Day Tournaments.

9.3 Members will be responsible for all fees if they do not cancel by the deadline date (*see "Failure to Play" below*).

9.4 On days of tournaments, competition and special occasions, restrictions governing play may be invoked. Rules and regulations for the day will be posted and members are requested to familiarize themselves with such regulations.

9.5 Point System for Participation in Tournaments:

In order to determine who will be permitted to play in the Member-Member and Member-Guest Tournaments in the event that there are too many applicants, a “point” system is hereby created. This point system may also be used for other tournaments at the discretion of the Tournament Committee.

A member shall receive one point for each year he has been a stockholder of the Club and one point for each year the member has participated in the tournament in question. For stockholders who leave the Club or take a leave of absence, two points shall be deducted for each year of said absence; however, in no case shall the leaving stockholders point total be less than zero.

The following shall be the order for selecting participants:

(Note: Only participants who have submitted an application for entry into the tournament prior to the entry deadline shall be considered as a participant.)

- (i) Stockholders by total number of points. Ties shall be broken in the following manner: (a) length of time as a stockholder; (b) length of time as a member; (c) earliest application date; (d) lottery.
- (ii) Members who are on the Stock Purchase Plan by total number of points. In order to qualify in this category, a member must have commenced payment toward his stock purchase at least three months prior to the tournament in question and must be current with his payments. Ties shall be broken in the following manner: (a) who has paid the most toward the purchase of the stock as of the deadline date for entering the tournament in question; (b) length of time as a member; (c) earliest application date; (d) lottery.
- (iii) Other golfing member by total number of points time as a golfing member and participation in tournament. Ties shall be broken in the following manner: (a) length of time as a member; (b) earliest application date; (c) lottery.

9.6 Policy for Injuries During Four-Ball Tournament:

In order to establish a procedure for substitutes to play in the event that a member of a team is injured, becomes ill or has a family emergency during the course of any of the Four-Ball Tournaments, the following policy is enacted. This policy is only intended to apply for injuries, illnesses or family emergencies.

If, during the course of any of the Member-Member or Member-Guest Tournaments a participant is injured, becomes ill or has a family emergency so that he is unable to compete, the following rules shall govern:

- (i) If the injury, illness or family emergency occurs during a match, that match shall be completed and no substitution shall be allowed.
- (ii) A substitute shall be allowed for all subsequent matches provided that play will not be delayed to allow the substitute an opportunity to appear. However, the substitute will be allowed to commence play upon his arrival, even if it is in the middle of the match.
- (iii) If the injured or ill participant or participant who must leave because of a family emergency is a member, the substitute must be a member. If he is a guest, the substitute may be either a member or another guest.
- (iv) Any substitute shall be subject to the same rules as all other participants (e.g. verifiable handicap, maximum 10-stroke differential, first-time participant, etc.).
- (v) Once a substitute has begun play, the original participant shall not be allowed to return.
- (vi) Nothing in this policy requires the use of a substitute. Play may continue with a team using only one player.

9.7 Failure to Play: Members who sign-up for a tournament are expected to participate. A member who signs up for a tournament and fails to give the Pro Shop at least 24 hours' notice prior to the start of the tournament will be charged the tournament entry fee and may be barred from participation in future tournaments. Notwithstanding the foregoing, for the Spring Member-Member, the Fall Member-Member, the Italian Festa and the four Four-Ball Tournaments, you must notify the Pro Shop in writing (e-mail is acceptable) of your intention to withdraw at least 72 hours prior to the start of the tournament. If you notify the Pro Shop subsequent to that time, you will be charged the full entry fee unless another member fills your spot.

9.8 Tournament Weather Policy:

A. **Guiding Principles:** The following are the priorities in deciding whether to play in inclement weather:

- 1st Safety of the players and staff.
- 2nd Integrity of the golf course.
- 3rd Completing the tournament and/or finishing

as many of the rounds of the tournament as possible.

Keeping players dry is not a priority. If the course is not playable and safe, the Tournament Committee will do its best to complete the tournament or get as much of the tournament finished as possible.

Even though all tournaments have a rain date, it is the goal of the Tournament Committee to complete the tournament "on time." This is necessary to (a) protect the integrity of the tournament (e.g. not having teams forfeit because they have no chance of winning); and (b) protect the interests of members not playing in the tournament.

B. **Tournament Guidelines:** For each tournament, the tournament chairman with the Pro and superintendent will make decisions consistent with the foregoing principles. If the tournament cannot be completed as originally scheduled, the Tournament Committee, with guidance from the Pro, shall determine the format for the balance of the tournament.

RULES - First Day

Back 9 - Scramble Format.

Each team member hits a drive. You then select the "best" shot and each team member hits from that spot. This process continues until the ball is holed.

In the Scramble Format, you may place the ball within one club length of the ball you select (except on the green). In doing so, you may not go nearer the hole and you must stay in the same cut of grass. For example, you cannot move your ball from the second cut of rough into the first cut even if it is within one club length. The reverse is also true. That is, you cannot place the ball from the fairway into the first cut of rough.

Reminder: The formats are governed by what 9 you are playing. In other words, if you are on the back 9, your team will play the Scramble Format and when on the front 9, the Chapman Format.

At the end of the round, submit your scorecard showing your team's gross score. Then deduct the team handicap for your team's net score.

**SPRING MEMBER-MEMBER
TOURNAMENT
(Continued)**

RULES - Second Day

On the second day of this tournament, each team will play two separate 9-hole formats with each individual using their 90% tournament handicap.

Front 9 - Best Ball Format.

For each hole, record each team member's individual score the team's best net score (considering your tournament handicap).

For example, if both A and B record a 6 on the fourth hole and B strokes on that hole-based on his tournament handicap-then the scorecard should show a "6" for both A and B, but the team's score for hole #4 is a "5" which should also be recorded on the card.

Back 9 - Aggregate Format

With each team member keeping his score until the ball is holed. No one is ever out of the hole. That is, each team member must play his own ball until it is holed. The team's total score for the Aggregate Format is the total number of strokes for each member of the team less the strokes each member is entitled to utilizing the players' tournament handicaps.

**SPRING MEMBER-MEMBER
TOURNAMENT
(Continued)**

RULES - Second Day

Reminder: The formats are governed by what 9 you are playing. In other words, if you are on the back 9, your team will play the Aggregate Format and when you on the front 9, the Best Ball Format.

The Tournament Committee and Handicap Committee have decided that the scores for the second day of the Spring Member-Member will be entered into the computer as a tournament score for handicap purposes. Therefore, each player will be required to turn in a score for the front 9, even though it is a Best Ball Format. To maintain pace of play, if your partner has completed the hole with a score already lower than what you lie, you should record what you reasonably would have scored. (This is consistent with the USGA Equitable Scoring System.) For example, you are on the green in regulation but 20 feet from the hole. Your partner chips in from off the green for a birdie. If you want, you may attempt your birdie putt or mark a par on your scorecard (the reasonable 2 putt from 20 feet).
